Why did you decide to move to Downtown Fayetteville?

I have lived in Fayetteville for 28 years and wanted to open my business in the downtown area. I had already looked at a couple of properties when my good friend showed the building where I am located. I fell in love with the location and adding the finishing touches to the office since moving into the building in January 2021. I am so excited to be a part of the downtown revitalization efforts and have my office in downtown Fayetteville.
